Did you know there is a difference between a direct, non-stop and a layover flight? Booking the right flight guarantees that you have chosen a flight that is comfortable and convenient for your travel schedule.

Many people think a direct flight is the same as a non-stop flight. Though the term 'direct' is used interchangeably with 'non-stop', the two are different. In a direct flight, you do not change planes and you have only one flight number. Unlike the non-stop flight, the plane makes a stop en route to the final destination for refueling and picking up and dropping off passengers. If you are in a hurry, a direct flight may not be the right choice. The stops add up to an hour or two to your total flight time. If time is not an issue, direct flights are ideal since they are often less expensive than non-stop flights.

A non-stop flight is just as it sounds – a flight that goes from one point to another without making a stop. Just like direct flights, non-stop flights have a single flight number. Non-stop flights are mostly sought-after for business travelers who value time. They are usually the most expensive flights. Passengers on non-stop flights are not affected by unexpected delays at the airport after takeoff, including refueling.

You can never mention a direct and non-stop flight without a layover flight. A layover flight is also called a connecting flight. If you book a layover flight, it means the plane will make a stop en route, with passengers disembarking the flight and changing services. Long layovers approach stopover territory, which is, essentially, an even longer layover. Considering the high price range of both direct and non-stop flights, you may consider booking a layover flight since it is usually less expensive. Connecting flights have more than one flight number.

- 71 Which of the following statements is TRUE about a direct flight?
(A) It may have a stop en route to the final destination.
(B) It involves changing planes.
(C) It is ideal for travelers for whom time and the air ticket price are an issue.
(D) It is the same as a non-stop flight.
- 72 Which of the following would be most preferable to travelers who value time?
(A) Non-stop flights (B) Direct flights (C) Layover flights (D) Connecting flights
- 73 According to the passage, which of the following statements is true?
(A) In a connecting flight, you have only one flight number.
(B) Direct flights are the fastest way to get to your destination.
(C) Layover flights are usually cheaper than both direct and non-stop flights.
(D) If you are looking to save money and time, a layover flight is the best choice.

- 74 According to this passage, stopovers can be different from layover flights in that the former are _____ than the latter.
(A) faster (B) longer (C) more convenient (D) more comfortable
- 75 According to the passage, in a direct flight, an airplane may stop at an airport before arriving at the destination for the following purposes EXCEPT _____.
(A) refueling (B) disembarking passengers
(C) changing pilots (D) picking up passengers

There are some simple tips for what to do before traveling internationally. First, the validity of your passport can be an easy oversight. A passport validity of 10 years can make people complacent, forgetting that it actually requires renewing. Many countries won't allow entry if your passport has less than 6 months remaining. A good rule of thumb is to ensure your passport is valid when booking your flight.

Additionally, check in advance if you need a visa. Arriving for your flight without the necessary visa can lead to being denied boarding, especially if you can't apply for one on arrival. US and UK passport holders can travel to many countries without a visa or receive one upon arrival. However, entry requirements vary, so thorough research is essential.

Investing time in researching your destination is also important to optimize your experience. While spontaneous travel seems fun, being aware of the **nuances** of your destination country can be more practical. This includes understanding differences in language, culture, and laws. For instance, chewing gum is illegal in Singapore, feeding pigeons is prohibited in Venice, and riding a cow while intoxicated is not allowed in Scotland. Knowing **them** ahead of time can keep you out of trouble.

- 76 What is the primary focus of this passage?
(A) The process of obtaining a visa
(B) Preparing for international travel
(C) The legal system in foreign countries
(D) The importance of understanding cultural differences
- 77 According to the passage, what is a common mistake travelers make regarding their passports?
(A) Losing their passport during travel
(B) Forgetting to bring their passport
(C) Not having the correct type of passport
(D) Not realizing their passports need to be renewed
- 78 In the passage, what does the word '**nuances**' most closely mean?
(A) Legal differences (B) Subtle differences (C) Cultural variations (D) Major contrasts
- 79 What does '**them**' in the last sentence refer to?
(A) destinations (B) countries (C) laws (D) passports
- 80 Which of the following is mentioned as an illegal activity in a foreign country?
(A) Feeding pigeons in Venice (B) Riding a bicycle on sidewalks in Scotland
(C) Eating on the street in Singapore (D) Taking pictures of US government buildings
